START OF THE CONGRESS								
TIME (GMT+3)	PLENARY ROOM 101 up to 1100 seats LIVE STREAMED	ROOM 102 up to 200 seats LIVE STREAMED	ROOM 103A up to 250 seats LIVE STREAMED	ROOM 208 up to 240 seats CORE CURRICULUM	ROOM 207 up to 100 seats	ROOM 209 up to 80 seats	ROOM 204 up to 70 seats	ROOM 205 up to 70 seats
13:00 14:15	<p>COGNITIVE IMPAIRMENT AND ITS PREVENTION Chairs: Francesco Mattace-Raso, The Netherlands, Riitta Antikainen, Finland 1. Prevention of cognitive decline and dementia: Towards personalized multidomain interventions and global strategies', biology of ageing Mia Kivipelto, Sweden 2. Practical implementation of the FINGER intervention program Jenni Kulmala, Finland 3. World Wide Fingers Takashi Sakurai, Japan</p>	<p>JOINT SYMPOSIUM EuGMS – IAGG AT CROSSROADS IN GERIATRICS AND GERONTOLOGY Chairs: Mario Barbagallo, Italy, Cornel Sieber, Switzerland 1. New care models for geriatrics in Europe Tahir Masud, United Kingdom 2. Multidisciplinary dimensions of successful aging Athanas Benetos, France 3. Inappropriate treatments at the end of life Katarzyna Szczerbińska, Poland</p>	<p>JOINT SYMPOSIUM EuGMS - ESCO-IOF MANAGEMENT OF MUSCULOSKELETAL DISORDERS IN THE OLDEST OLD Chairs: Nick Harvey, United Kingdom, René Rizzoli, Switzerland 1. Patient or population: vitamin D supplementation for musculoskeletal health in the oldest old? René Rizzoli, Switzerland 2. Lifelong osteoporosis therapy in the geriatric patient: making the best of the evidence base Nick Harvey, United Kingdom 3. Assessing Quality of Life in sarcopenia: new approaches for pivotal clinical trials Charlotte Beaudart, Belgium</p>	<p>COMMUNITY BASED MANAGEMENT OF OLDER PEOPLE. WHERE DO WE STAND: Chairs: Soulis George, Greece, Sofia Duque, Portugal 1. Best practices Avgerinou Christina, United Kingdom 2. New technologies Achille Tchalla, France 3. Future Perspectives Stany Perkasas, Belgium</p>	<p>SUBMITTED SYMPOSIUM EXCEPTIONAL HEALTH AND LONGEVITY: RESULTS FROM LONG-LIVED FAMILY STUDIES Chairs: Karen Andersen-Ranberg, Denmark, Michael A. Province, USA 1. How to define cases for gene discovery studies based on Leiden Longevity Study cohort Niels van den Berg, The Netherlands 2. Background and design of the Long-Life Family study Mary Wojczynski, USA 3. Reduced risk of dementia in Danish long-lived siblings Angéline Galvin, Denmark</p>	<p>SUBMITTED SYMPOSIUM HOW TO OPTIMIZE YOUR PERSONALIZED, INTEGRAL FALLS AND FRACTURE PREVENTION IN CLINICAL CARE; RECOMMENDATIONS OF THE EUGMS SIG FALLS & FRACTURES Chairs: Hana Vankova, Czech Republic, Lotta Seppala, The Netherlands 1. Falls prevention as integral part of fracture prevention Jesper Ryg, Denmark 2. The overlap between syncope and falls: optimizing cardiovascular falls prevention Robert Briggs, Ireland 3. Preventing falls in patients with Parkinson and Parkinson-like disease Alice Nieuwboer, Belgium</p>	<p>ORAL COMMUNICATIONS Chair: Nicola Veronese, Italy, Thomas Fruhwald, Austria O-001 Elderly patients with non-specific complaints at the Emergency Department have a high risk for admission and 30 days mortality Karin Erwander, Sweden O-002 Improving the completion of Mental Capacity Act (MCA) Assessments and Deprivation of Liberty Safeguards (DoLS) on Complex Medical Units at the John Radcliffe Hospital Alice Hindmarsh, United Kingdom O-003 Hospital-induced Immobility – A Backstage Story of Lack of Chairs, Time, and Assistance Katrine Storm Piper, Denmark O-004 Diagnostic yield of coupled digestive investigations in iron deficiency of elderly patients Léna Voisot, France O-005 Predictors of avoidable and unavoidable hospitalizations in older adults: results from a Swedish population-based study Susanna Gentili, Sweden O-006 Optimizing Pharmacotherapy And Deprescribing Strategies In Older Adults Living With Multimorbidity And Polypharmacy: EUGMS SIG On Pharmacology Recommendations. Eveline van Poeelgest, Netherlands</p>	<p>ORAL COMMUNICATIONS Chair: Gulistan Bahat, Turkey, Predrag Erceg, Serbia O-007 Association Between The Absence Of Fever In S. Aureus Bacteremia And In-Hospital Death: VIRSTage, An Ancillary Study From A Prospective And Multi-Center French Cohort. Virgilio Hernández-Ruiz, France O-008 Prevalence of Missed Nursing Care at a University Hospital – a Survey Merete Gregersen, Denmark O-009 A retrospective evaluation of the sensitivity and specificity of age-adjusted D-dimer for the exclusion of pulmonary embolism at Mater Dei Hospital Nicholas Grima, Malta O-010 External Validation of FAINTE Score in Older Adults Presenting to an Academic Tertiary Care Center with Syncope Luqman Arafath TK, United States O-011 The impact of a bespoke nursing home team in on nursing home residents mortality in a tertiary referral university teaching hospital Claire Noonan, Ireland O-012 Physical restraint use in older patients: preliminary results from the 2017 Italian Delirium Day initiative. Alessandra Colin, Italy</p>
14:20 15:35	<p>ADDICTION AT OLD AGE Chairs: Ioannis Ellul, Greece, Yaohua Chen, France 1. Consequences of alcohol addiction in the aged Peter Crome, United Kingdom 2. Addiction to analgesics / Opioid crisis and the aged Tarja Heiskanen, Finland 3. Loneliness and screen addiction among the elderly Ilan Volkov, Israel (remote connection)</p>	<p>JOINT SYMPOSIUM EuGMS – ESSD DYSPHAGIA - AN INTERDISCIPLINARY CHALLENGE IN OLDER ADULTS Chairs: Nathalie Rommel, Belgium, Cornel Sieber, Switzerland 1) Prevalence and etiologies of dysphagia in older adults Rainer Wirth, Germany 2) Diagnostics... Nathalie Rommel, Belgium 3) Nutritional support in Older adults David Smithard, United Kingdom</p>	<p>TEAM WORK IN EU PROJECTS (WITH EuGMS PARTNERSHIP) MEDICATION MANAGEMENT IMPACTING HEALTH TRAJECTORIES - RESEARCH INSIGHTS FOR GERIATRIC PRACTICE Chairs: Antonio Cherubini, Italy, Georg Ruppe, Austria 1. Prescribing patterns in people with atrial fibrillation and multimorbidity (AFFIRMO) Cheima Amrouch, Belgium 2. Tailoring medication prescription in older adults with complex chronic conditions: Insights from the I-CARE4OLD project (I-Care4Old) Rosa Liperoti, Italy 3. Decreasing antimicrobial resistance by fostering the appropriate use of antimicrobials – Experiences from interventional studies across Europe (IMAGINE / Happy Patient) Carl Llor, Spain</p>	<p>NOVEL CARE CONCEPTS Chairs: Susanne Sorensen Hernes, Norway, Nicolas Martinez-Velilla, Spain 1. Hospital at home Camille Nicolay, Belgium 2. Silver Trauma Dimitrije Jakovljevic, Finland 3. POPS – Perioperative and oncogeriatric specialist clinics Carly Welch, United Kingdom</p>	<p>SUBMITTED SYMPOSIUM MEDICATION ASSESSMENT AND IMPROVEMENT IN OLDER PATIENTS BY LISTING APPROACHES Chairs: Martin Wehling, Germany, Rob van Marum, The Netherlands 1. Deprescribing or re-prescribing? Are positive-negative drugs lists (such as the FORTA or START/STOPP lists) more appropriate than PIM-lists? Martin Wehling, Germany 2. STOPP/START criteria – a review of the new version 3 Denis O'Mahony, Ireland 3. STOPPfall - progress report Nathalie van der Velde, The Netherlands</p>	<p>SUBMITTED SYMPOSIUM SEX AND GENDER MATTER: LESSONS FROM AN INTERNATIONAL RESEARCH COLLABORATION ON POLYPHARMACY Chairs: Paula Rochon, Canada, Mirko Petrovic, Belgium 1. What is sex and gender and why does it matter for polypharmacy research? Graziano Onder, Italy 2. Insights into the impact of sex, age and gender on polypharmacy using diverse international secondary databases Kieran Dalton, Ireland 3. We all have these subconscious biases' Exploring gender bias in clinical decision-making for older adults using a prescribing cascade vignette: A transnational qualitative study Rachel Savage, Canada</p>	<p>ORAL COMMUNICATIONS Chair: Tajana Pavic, Croatia, Helga Eyjólfssdóttir, Iceland O-013 Relationship between hemoglobin and grip strength in older adults – the ActiFE Study. Dhayana Dallmeier, Germany O-014 Protein epigenetic scores and all-cause mortality in the longitudinal Swedish Adoption/Twin Study of Aging (SATSA). Thais Lopes de Oliveira, Sweden O-015 Long-term changes in cardiovascular risk factors in the context of dementia prevention trial– the Finnish Geriatric Intervention Study to Prevent Cognitive Impairment and Disability (FINGER) Jenni Lehtisalo, Finland O-016 The Growing Impact of Ethnic Diversity on Acute Stroke Presentations in an Irish Population Adam Roche, Ireland O-017 Factors related to the event-free survival in nonagenarians with acute myocardial infarction. Malgorzata Kupisz-Urbanska, Poland O-018 Direct Oral Anticoagulant Prescribing Practices and Acute Stroke Presentations in Older Irish Adults Mary Randles, Ireland O-019 GEMINI: Developing an Atlas of Multiple Long-Term Conditions Jane Masoli, United Kingdom</p>	<p>ORAL COMMUNICATIONS Chair: Paula Hickey, Ireland, Adam Leibach, Hungary O-020 Exploring the knowledge and perceptions of middle and older aged men in socially deprived areas of brain health and dementia Jane Carbery, Ireland O-021 Frailty and behavioral and psychological symptoms of dementia: a single center study Andrea Giusti, Italy O-022 Validation of a new, three-item cognitive screening instrument for use in the Survey of Health, Ageing and Retirement in Europe (SHARE-Cog) Mark O'Donovan, Ireland O-023 Plasma p-tau217 is associated to cerebrospinal fluid Aβ42 concentrations and incident Alzheimer's Disease in very old men Elisabeth Hellquist, Sweden O-024 Cholinesterase inhibitors are associated with slower cognitive decline in dementia with Lewy bodies Maria Eriksson, Sweden O-025 Smoking and Risk of Dementia: The HUNT Study, Norway Marie Hjelmseth Larsen, Norway O-026 Symptomatic and preventive medication use in community-dwelling older people with and without Alzheimer's disease Sirpa Antikainen, Australia O-027 Prevalence of Mild Cognitive Impairment (MCI) and probable Dementia in a selected cohort of senior citizens residents of Dar es Salaam, Tanzania Kelvin Leshabari, Tanzania</p>

<p>15:40 17:30</p> <p>OPENING CEREMONY Chair: Cornel Sieber, Switzerland, Antonio Cherubini, Italy, Timo Strandberg, Finland</p> <p>KEYNOTE LECTURE 1 HOW TO MAKE GERIATRICIANS UNEMPLOYED THROUGH PREVENTION BEFORE OLD AGE? Pekka Puska, Finland</p> <p>KEYNOTE LECTURE 2 POPULATION AGING AND THE RISING OF GEROSCIENCE Luigi Ferrucci, USA</p> <p>MEP: VIEWS FROM THE EU Patroness to the congress: Sirpa Pietikäinen, Finland</p>	<p>Welcome reception Helsinki City Hall</p>
<p>19:00</p>	

21 September

TIME (GMT+3)	PLENARY ROOM 101 up to 1100 seats LIVE STREAMED	ROOM 102 up to 200 seats LIVE STREAMED	ROOM 103A up to 250 seats LIVE STREAMED	ROOM 208 up to 240 seats CORE CURRICULUM	ROOM 207 up to 100 seats	ROOM 209 up to 80 seats	ROOM 204 up to 70 seats	ROOM 205 up to 70 seats
07:30 08:30			INDSUTRY SESSION					
08:30 09:45	<p>PLANETARY HEALTH AND GERIATRIC MEDICINE Chairs: Esa Jansen, Finland, Rebecca Dreher Bruggmann, Switzerland 1. How do climate change and air pollution affect our geriatric patients Jürgen M. Bauer, Germany 2. What health care professional could do against climate change Sarah Bartlett, United Kingdom 3. The planetary health diet and the EAT-Lancet recommendations with special reference to the older individual Tommy Cederholm, Sweden</p>	<p>LONELINESS IN OLDER PEOPLE Chairs: Sylvie Bonin-Guillaume, France, Eija Lonroos, Finland 1. Biological and genetic mechanisms of loneliness Brian Lawlor, Ireland 2. Loneliness as a risk factor for health and how to alleviate it among older people Kaisu Pitkälä, Finland 3. Alleviating loneliness with nature-based intervention RECETAS EU project Laura Coll Planas, Spain</p>	<p>EDITORS WORKSHOP GETTING READY FOR RESEARCH AND PUBLICATION Chair: Alfonso Cruz-Jentoft (Editor in Chief, European Geriatric Medicine), Philippe De Souto Barreto, France 1. How to write a good research article Philippe De Souto Barreto, France 2. How to write a good review article Nicola Veronese, Italy 3. Practical aspects of the publication process Rowan Harwood, United Kingdom</p>	<p>FREQUENT GIS DISORDERS IN OLDER ADULTS: DIAGNOSTIC APPROACH AND MANAGEMENT Chairs: Helgi Kolk, Estonia, Nele Van Den Noortgate, Belgium 1. Sarcopenic Dysphagia Svenja Tietgen, Germany 2. Faecal incontinence Katharine Di Silvestro, Sweden 3. Constipation Ieva Martinaityte, Norway</p>	<p>SUBMITTED SYMPOSIUM HEALTHY AGEING PROMOTION IN THE COMMUNITY ACROSS EUROPE Chairs: Anne Ekdahl, Sweden, Matteo Cesari, Italy 1. Transitions of physical frailty and falls in Irish community-dwelling older people and interventions to delay and reverse frailty Roman Romero Ortuño, Ireland 2. Integrated Primary and Geriatric Care with a longitudinal Approach for healthy aging Marco Inzitari, Spain 3. Application of the "Integrated Care for Older People (ICOPE) program in Andorra Eva Heras Muxella, Andorra</p>	<p>SUBMITTED SYMPOSIUM CONNECTING BRAIN AND KIDNEY: A PLACE FOR CHRONIC KIDNEY DISEASE IN COGNITIVE DISORDERS AND AGING, ON BEHALF OF THE COGNITIVE DECLINE IN NEPHRO-NEUROLOGY: EUROPEAN COOPERATIVE TARGET (CONNECT COST ACTION) Chairs: Giuseppe Paolisso, Italy, Francesco Mattace-Raso, The Netherlands 1. Is kidney function decline associated with cognitive decline? Marion Pépin, France 2. Kidney-Brain axis : Is it only about vascular injury? Aleksandra Klimkiewicz Mrowiec, Poland 3. Drugs with a potential negative impact on cognitive function in CKD : how can we improve prescription? Gaye Hafez, Turkey</p>	<p>ORAL COMMUNICATIONS Chair: Vidmantas Alekna, Lithuania, Susanne Sørensen Hernes, Norway O-028 Factors associated with changes in walking performance in individuals three months after stroke or TIA—secondary analyses from a randomized controlled trial of SMS-delivered training instructions Birgit Vahlberg, Sweden O-029 Including older people in health and social care research: best practice recommendations based on the INCLUDE framework Victoria Goodwin, United Kingdom O-030 Description of survival and analysis of predictive survival factors for older cancer patients in the songalp cohort (oncogeriatric follow-up on the alpine sillon: UCOGALP) Audrey Chanut, France O-031 Natural History of Intrinsic capacity impairments in the INSPIRE ICOPE CARE cohort of real-life users of the health system in France. Emmanuel Gonzalez-Bautista, France O-032 Validity, reliability, responsiveness, and feasibility of the Life-Space Assessment administered via telephone in community-dwelling older adults Christian Werner, Germany O-033 Stakeholders experiences of comprehensive geriatric assessment in an inpatient hospital setting: a qualitative systematic review and meta-ethnography Ide O'Shaughnessy, Ireland O-034 Pilot project concerning quality assessment of cognitive functions, sarcopenia, and frailty in a primary care in a system without geriatric medicine experience Ksenija Arbanas-Kovacevic, Croatia O-035 How complete is our medical clerking? A project aimed to improve medical admission clerking by creating a standardised medical admission proforma Maria Bonnici, Malta</p>	<p>ORAL COMMUNICATIONS Chair: Lia Marques, Portugal, Anna Marie Herzhelegiu, Romania O-036 Equal and high-quality in-hospital care for older patients with frailty – establishing a national clinical quality database; DANFRAIL Lone Winther Lietzen, Denmark O-037 Investigation of the prevalence of constipation and its related factors for in older outpatients Meris Esra Bozkurt, Turkey O-038 Medication Risk Checklist for Older Adults (LOTTA) – Development and Validation of a Self-assessment Tool Maarit Dimitrow, Finland O-039 SARS-CoV-2 Vaccination and Risk of Infectious Diseases in Hospitalized Older Patients Edoardo Locatelli, Italy O-040 Effect of delirium on activities of daily living in older people after major surgery Rami Aldiwikat, Australia O-041 'Pad Culture: The Use of Continence Wear in older people in an Irish University Hospital' Clara McGurk, Ireland O-042 Development and validation of a hospitalization risk stratification tool for patients with atrial fibrillation and multimorbidity Alberto Zucchelli, Italy</p>
09:45 10:30	BREAK / POSTER SESSION							
10:30 11:45	<p>NON-PHARMACOLOGICAL INTERVENTIONS FOR OLDER ADULTS LIVING WITH DEMENTIA Chairs: Giuseppe Bellelli, Italy, Maria Nuotio, Finland 1. Non-pharmacological interventions to improve cognition in MCI or dementia Hanna-Maria Raitto, Finland 2. Interventions to improve physical function Yves Rolland, France 3. Interventions for neuropsychiatric symptoms in dementia Giuseppe Bellelli, Italy</p>	<p>ECGI LIVE SESSION - STEFANIA MAGGI AWARD SYMPOSIUM Chairs: Stefania Maggi, Italy, Anne Ekdahl, Sweden, Rui Buzaco, Portugal, Karolina Piotrowicz, Poland 1. What is the impact of a pre-hospital geriatrician led telephone 'silver triage' for older people living with frailty? Howell Jones, United Kingdom 2. Delirium: Comparative analysis of detection and therapeutic management in geriatric patients between Spain and the United Kingdom Gemma Cuesta, Spain 3. Visit-to-visit Blood Pressure Variability and Intrinsic Capacity in older adults Leonardo Bencivenga, Italy</p>	<p>ETHICAL ISSUES IN GERIATRIC MEDICINE Chairs: Cornel Sieber, Switzerland, Maria Jylha, Finland 1. Detecting and managing elder abuse Ioana Dana Alexa, Romania 2. Agelism in clinical care and possible solutions Desmond O'Neil, Ireland 3. Euthanasia and assisted suicide in older persons: the Dutch experience Hanna Willems, The Netherlands</p>	<p>WORKSHOP ATYPICAL PRESENTATIONS IN FRAIL OLDER PERSONS WITH EMERGING SITUATIONS 1. Common atypical presentations in the ED Thomas Gilbert, France 2. How to assess frailty in the ED Michael Gagesch, Switzerland 3. How to structure my service to manage older patients with atypical presentations in the ED Marie Sahlberg, Denmark</p>	<p>SUBMITTED SYMPOSIUM "NO RESEARCH ABOUT ME, WITHOUT ME": THE CONTRIBUTION OF OLDER PATIENTS IN DESIGNING AND CONDUCTING RESEARCH ON THE APPROPRIATE USE OF MEDICINES Chairs: Carmel Hughes, United Kingdom, Tobias Dreischulte, Germany 1. "No research about me, without me": Setting the scene Cristin Ryan, Ireland 2. Engaging with patient and public involvement (PPI) contributors during intervention development and evaluation Heather Barry, United Kingdom 3. Patients' voices matter when determining outcomes to measure in trials and evidence synthesis Anne Spinewine, Belgium</p>	<p>SUBMITTED SYMPOSIUM HIGH-QUALITY BIG DATA FOR GERIATRIC RESEARCH: EXPERIENCES FROM THE SWEDISH NATIONAL E-INFRASTRUCTURE FOR AGING RESEARCH (NEAR) Chairs: Davide Liborio Vetrano, Sweden, Debora Rizzuto, Sweden 1. The Importance of High-quality Big Data from Longitudinal Population Studies in Addressing Clinical Outcomes Scott Hofer, Canada 2. Prognostic Value of the Health Assessment Tool (HAT): an External Validation Based on the Swedish National Study on Aging and Care in NEAR Amaia Calderón-Larrañaga, Sweden 3. Longitudinal Profiles of Functional Limitations in Relation to Impending Death: Swedish NEAR-based Cohort Study Linda Enroth, Finland</p>	<p>ORAL COMMUNICATIONS Chair: Nathalie Van der Velde, The Netherlands, Maria Cristina Polidori, Germany O-043 Association between Clinical Frailty Scale score and mortality 24-months after hospitalization in adult patients with COVID-19 Julia Minnema, Netherlands O-044 Alcohol-related Diagnoses Were More Prevalent during the Covid-19 Pandemic than Before and After. A Quality Study from a General Hospital. Marianne Lid Kvaale, Norway O-045 Covid-19 and Influenza: Appropriate measures to prevent and control outbreaks in nursing homes (the CIAO study) - Pillar II 'Outbreak management performance' Daisy Kolk, Netherlands O-046 The use of health care services before and during the COVID-19 pandemic for home dwelling older adults with and without dementia in Norway. A HUNT-study Tanja Ibsen, Norway O-047 Increased risk of severe COVID-19 outcomes in fully vaccinated older adults aged over 65 with comorbidities during Omicron predominance period: initial results from INFORM, a retrospective, observational health cohort database study in England Richard McNulty, United Kingdom O-048 The effects of COVID-19 on cognitive performance in a community-based cohort: A COVID Symptom Study Biobank observational study Nathan Cheetham, United Kingdom O-049 A pandemic of delirium: an updated systematic review and metanalysis of occurrence of delirium in older adults with COVID-19 Maria Beatrice Zazzara, Italy</p>	<p>ORAL COMMUNICATIONS Chair: Graziano Onder, Italy, Biljana Zovic, Northern Macedonia O-050 Perceptions and Attitudes Of Health Care Professionals Regarding The Management Of Medications Among Older Adults With Complex Chronic Conditions In Europe: Results From The I-Care4old Survey. Emanuele Rocco Villani, Italy O-051 Future Polish Specialists - Anything But A Geriatrician. A Pilot Survey Among Young Polish Doctors. Robert Kupis, Poland O-052 Stakeholders to Promote Geriatric Medicine in terms of COST Action CA21122-PROMoting Geriatric Medicine in countries where it is still eMerging (PROGRAMMING) Sumru Savas, Turkey O-053 An All-teach, All-learn International Collaboration to Educate the Interprofessional Geriatric Workforce Daniel Mansour, United States O-054 Palliative care for cardiovascular patients: description of motives for referral and actual care provided Fiona Ecarrot, France O-055 Physical restraints: a wake-up call. Susana Lippo, Spain O-056 Validation Of The Selfy-Brief-MPI A Self-Administered Short Version Of The Multidimensional Prognostic Index To Assess Multidimensional Frailty In Older Patients. Nicola Veronese, Italy</p>
11:50 13:05	INDSUTRY SESSION	INDSUTRY SESSION	INDSUTRY SESSION	INDSUTRY SESSION			INDSUTRY SESSION	
13:05 14:00	LUNCH / POSTER SESSION		INDSUTRY SESSION (13.30-13.45)	LUNCH / POSTER SESSION				
14:00 14:45	<p>KEYNOTE LECTURE Chair: Mirko Petrovic, Belgium STOPP/START CRITERIA: THE STORY SO FAR & FUTURE DEVELOPMENT Denis O'Mahony, Ireland</p>							

14:50 16:05	CURRENT TREATMENT OF HEART FAILURE Chairs: Juhani Airaksinen, Finland, Timo Strandberg, Finland 1. The pathology in heart failure with reduced ejection fraction (HF_{rEF}) and heart failure with preserved ejection fraction (HF_{pEF}) Andrea Ungar, Italy 2. Current drug treatment for HF_{rEF} and HF_{pEF} Therese A. McDonagh, United Kingdom 3. Palliative care in HF Piotr Z Sobanski, Switzerland	OUTCOMES OF SCIENTIFIC ACTIVITIES FROM EUGMS SIGs Chairs: Jerzy Gasowski, Poland, Antonio Cherubini, Italy 1. Pharmacology SIG Martin Wehling, Germany 2. Delirium SIG Suzanne Timmons, Ireland 3. Falls and Fracture SIG Nathalie Van der Velde, The Netherlands	HOW TO PREVENT AND MANAGE PRESSURE ULCERS: AN UPDATE Chairs: Karolina Piotrowicz, Poland, Gulistan Bahat, Turkey 1. Pressure ulceration - an update Jan Kottner, Germany 2. Pressure ulcers: preventive strategies Kirsti Ahmajarvi, Finland 3. Pressure ulcers: treatment strategies Jos Schols, The Netherlands	COMMUNICATING WITH OLDER PATIENTS Chairs: Anne Ekdahl, Sweden, Lene Holst Andersen, Denmark 1. Communication strategies with older patients and their caregivers Sibel Igun, Turkey 2. End-of-life conversations and breaking bad news: What's the evidence? Lene Holst Andersen, Denmark 3. Breaking bad news: Generation Z characteristics and its implications for medical education Santiago Cotobal Rodeles, Spain	SUBMITTED SYMPOSIUM EAMA: TRANSFORMING THE FUTURE OF GERIATRIC CARE THROUGH INNOVATION, CROSS-DISCIPLINARY COLLABORATION AND LEADERSHIP Chairs: Nele Van Den Noortgate, Belgium, Adam Gordon, United Kingdom 1. Building Bridges between Intensive Care and Geriatrics: A New Hope for Older Adults Hélène Vallet, France 2. Empowering Geriatric Care: EAMA's Influence on Innovative Fall Prevention Strategies Silvia Giovannini, Italy 3. The Power of the European Academy for Medicine of Aging (EAMA): Shaping Future Healthcare Leaders Through Productive Failure and Psychological Safety Mathias Schlägl, Switzerland	SUBMITTED SYMPOSIUM NUTRITION IN DEMENTIA – UPDATE OF THE ESPEN GUIDELINE Chair: Dorothee Volkert, Germany, Merja Suominen, Finland 1. Institutional requirements for nutritional care of people with dementia Elisabet Rothenberg, Sweden 2. Strategies to support adequate oral intake of food and drinks of older persons with dementia Anne Marie Beck, Denmark 3. Enteral and parenteral nutrition and hydration in patients with dementia Thomas Frühwald, Austria	ORAL COMMUNICATIONS Chairs: Aurelie Gues, Luxembourg, Rupert Pullen, Germany O-064 Co-occurrence of frailty and sarcopenia in acutely admitted older patients: results from the Copenhagen PROTECT study Hanne Nygaard, Denmark O-065 Preferred Health Outcomes Of Older Adults In The Netherlands In Relationship To Frailty Status – The COOP Study. Veerle van der Klei, Netherlands O-066 Frailty and avoidable hospitalizations in older adults: the role of clinical, functional, and contextual factors Clare Tazzeo, Sweden O-067 Comparing frailty assessment tools for outcome prediction during the COVID-19 pandemic: Correlation, agreement, and comparative performance of Hospital Electronic Frailty Indexes and Clinical Frailty Scale with clinical decision-making implications. Vicky Kamwa, United Kingdom O-068 Association Between Pollution and Frailty in Older People: A Cross-Sectional Analysis of the UK Biobank Nicola Veronese, Italy O-069 Mortality Prediction Among Community-dwelling Older Adults: A Systematic Review Collin Esmann, Netherlands O-070 Tempoforme®, ageing well in Hauts-de-France Eric Boulanger, France O-071 Associations between physical activity and hospital care use in Swedish older adults: a 6-year longitudinal study Joan Ars, Spain
16:10 17:25		INDSUTRY SESSION	INDSUTRY SESSION				INDSUTRY SESSION
17:30 - 18:45	THE NEW EUGMS PROCEDURE FOR THE PRODUCTION OF GUIDELINES: OPEN FEEDBACK SESSION	CGA QUIZ ON ICE Chairs: Anne Ekdahl, Sweden, Santiago Cotobal Rodeles, Spain, Maria Bonnici, Malta, Rui Buzaco, Portugal					

22 September

TIME (GMT+3)	PLENARY ROOM 101 up to 1100 seats LIVE STREAMED	ROOM 102 up to 200 seats LIVE STREAMED	ROOM 103A up to 250 seats LIVE STREAMED	ROOM 208 up to 240 seats CORE CURRICULUM	ROOM 207 up to 100 seats	ROOM 209 up to 80 seats	ROOM 204 up to 70 seats	ROOM 205 up to 70 seats
08:30 09:45	JOINT SYMPOSIUM EUGMS - WHO MEASUREMENT OF HEALTHY AGEING: FROM ASPIRATION TO ACTION Chair: Rowan Harwood, United Kingdom, Antonio Cherubini, Italy 1. UN Decade of Healthy Ageing – Update on ongoing activities and recent achievements Anshu Banerjee, Switzerland (recorded) 2. Measurement and Monitoring of Healthy Ageing: At the global, regional and national levels Jotheeswaran Amuthavalli Thiagarajan, Switzerland 3. From frailty to the intrinsic capacity Matteo Cesari, Italy 4. WHO Recommendations on Measures of Intrinsic capacity and functional ability Ivan Bautmans, Belgium	SUBMITTED SYMPOSIUM CARE FOR OLDER PEOPLE IN CRISIS SITUATIONS – FROM PANDEMICS, TO NATURAL DISASTERS AND HEALTH SYSTEM COLLAPSE. WHAT CAN WE LEARN? Chairpersons: Cornel Sieber, Switzerland, Finbarr Martin, United Kingdom 1. Learning from the COVID pandemic in French care homes: sustainable plans for the future Hubert Blain, France 2. Crisis situations, older people, and present services in Türkiye Sumru Savas, Turkey 3. Rescuing care of older people in the UK from chronic underfunding in the face of systemic collapse Adam Gordon, United Kingdom Conclusive remarks of the Round table Athanas Benetos	JOINT SYMPOSIUM EUGMS - ESH CRITERIA FOR CONSIDERING THE REDUCTION OF ANTIHYPERTENSIVE TREATMENT IN OLDER ADULTS Chairs: Andrea Ungar, Italy, Athanas Benetos, France 1. How to explain the relationship between BP and CV events in very old people? Dhayana Dallmeier, Germany 2. ROUND TABLE: PRESCRIPTION VS. DEPRESCRIPTION. RISKS AND BENEFITS - Targets of antihypertensive drug treatment in older adults and the possibilities of deprescription Rosalinde Poortvliet, Netherlands - Which criteria of fragility/functionality could lead us to reduce antihypertensive treatment? Athanas Benetos, France - Adverse effects of antihypertensive treatment in older adults James Sheppard, United Kingdom Discussion Conclusive remarks of the Round table Athanas Benetos	INFECTIOUS DISEASES Chairs: Sylvie Bonin-Guillaume, France, Thomas Munzer, Germany 1. Immunosenescence Manuel Sanchez, France 2. Prosthetic infections Caterina Trevisan, Italy 3. Multi drug resistant organisms – what is relevant in care of older people Maria Montoya-Martinez, Spain	SUBMITTED SYMPOSIUM THE MECHANISTIC BASIS OF DISUSE ATROPHY IN OLDER AGE Chairs: Bethan Phillips, United Kingdom, Colleen Deane, United Kingdom 1. Metabolic and molecular mechanisms of disuse atrophy: new insights and experimental models Philip Atherton, United Kingdom 2. Exercise and nutritional strategies to combat the deleterious impacts of reduced physical activity in older age Stuart Phillips, Canada 3. The role of 'omics in aiding our understanding of skeletal muscle adaptation in older age Colleen Deane, United Kingdom	SUBMITTED SYMPOSIUM EARLY INTEGRATION OF PALLIATIVE CARE IN OLDER PERSONS ACROSS SETTINGS AND DISEASES Chairs: Marc Vali Ahmed, Norway, Rozemarijn van Bruchem-Visser, The Netherlands 1. Advance palliative care planning at home; a continuum of trust between general practitioner, homecare and hospital care Marieke van den Brand, The Netherlands 2. Early palliative care for patients with non-oncological diseases: an interdisciplinary outpatient collaboration Lisa Hentsch, Switzerland 3. Home to hospital and back again- optimizing care for people with dementia who are nearing the end of life Liz Sampson, United Kingdom	ORAL COMMUNICATIONS Chairs: Jurgen Bauer, Germany, Eric Boulanger, France O-072 Addressing Frailty & Healthy Ageing in the London Borough of Newham: Outcomes from Newham University Hospital's (NUH) Pilot Acute Frailty Service Catherine Smith, United Kingdom O-073 Frailty among adults with intellectual disability: the importance and necessity of targeted frailty screening Marco van Maurik, Netherlands O-074 Risk Assessment by the Emergency Medical Services Identifies Older Patients at Risk for Emergency Department Readmissions: A Retrospective Observational Study Eeva Saario, Finland O-075 PhoneFall: A Rapid Frailty Screening Questionnaire for Telephone-based Triage Systems Isabel Sebjørnsen, Norway O-076 The impact of frailty Screening of Older adults with multidisciplinary assessment of those At Risk during emergency hospital attendance on the quality and safety of care (SOLAR): a randomised controlled trial Aoife Leahy, Ireland O-077 Easy and quick to use depression screening in old age: diagnostic power of Whooley questions compared with geriatric depression scale (GDS-15) Johannes Traber, Germany O-078 What is a prescribing cascade? A scoping review of definitions Kieran Dalton, Ireland	ORAL COMMUNICATIONS Chairs: Nicola Veronese, Italy, Jerzy Gasowski, Poland O-079 Effectiveness of home-based exercise delivered by digital health in older adults: a systematic review and meta-analysis Lillian Solis-Navarro, Chile O-080 Recovery of Daily Functioning and Quality of Life in Post-COVID-19 Patients in Geriatric Rehabilitation Lisa van Tol, Netherlands O-081 Perspectives of rehabilitation professionals on implementing a validated home telerehabilitation intervention for older adults in geriatric rehabilitation: a multi-site qualitative study Margriet Pol, Netherlands O-082 Disability prevention through individualized multicomponent training in hospitalized adults: randomized clinical trial - pilot study Marin Epelde, Spain O-083 Management of falls in older adults living in nursing homes: impact of a gerontopreventive telemedicine programme: analysis of the randomized study, GERONTACCESS Caroline Gayot, France O-084 Effectiveness and acceptability of an autonomous digital solution in older versus younger persons Nathalie Salles, France O-085 Safety and Efficacy of a Respiratory Syncytial Virus Vaccine (mRNA-1345), Against a Spectrum of Symptomatic Disease in Adults Aged ≥60 Years Emilio Fumero, Spain
09:45 10:30	BREAK / POSTER SESSION							
10:30 11:45	TELEMEDICINE IN OLDER PATIENTS: PROS AND CONS Chairs: Harriet Finne-Soveri, Finland, Roberto Bernabei, Italy 1. Evidence-base of telemedicine in home-dwelling older people Nils Pfeuffer, Germany 2. Evidence-base of telemedicine in nursing homes Helka Hosa, Finland 3. Advantages and challenges of telemedicine in geriatric setting Achille Tchalla, France	HOW A BETTER KNOWLEDGE OF THE BIOLOGY OF AGING CAN HELP PROMOTING HEALTHY AGING Chairs: Eric Boulanger, France, Luigi Ferrucci, USA 1. Mammalian models of extended healthy lifespan Colin Selman, United Kingdom (remote connection) 2. Is the epigenetic clock a good marker for life expectancy? Elina Sillanpää, Finland 3. Perspectives on the management of inflammaging to promote healthy aging Claudio Franceschi, Italy	GLOBAL EUROPE INITIATIVE ROUNDTABLE ON SUCCESSFUL ONCOGERIATRIC INITIATIVES/PROJECTS IN EUROPEAN COUNTRIES Chair: Athanas Benetos, France, Mark Vassallo, Malta 1. Recurrence rate in older compared to younger patients with locally advanced rectal cancer following treatment with chemoradiotherapy and surgery Myroslav Lutsyk, Israel 2. A pioneer oncogeriatric project on older patients with breast cancer in Portugal Paulo Almeida, Portugal 3. Successful oncogeriatric initiatives/projects in Hungary Adam Leibach, Hungary 4. Current Practices in Oncogeriatric in North Macedonia - Main Challenges Biljana Petreska Zovic, North Macedonia	CAN "OVER THE COUNTER PREPARATIONS" MODIFY THE AGEING PROCESS? Chairs: Hanna Ohman, Finland, Adam Gordon, United Kingdom 1. Multivitamins Meltem Koca, Turkey 2. Probiotics Ragnhild Eide Skogseth, Norway 3. Vitamin D and Muscle Ageing Anton De Spiegeleer, Belgium	SUBMITTED SYMPOSIUM (DE)PRESCRIBING DILEMMAS IN PATIENTS AT RISK OF FALLS: A CLINICAL REVIEW SERIES' ON BEHALF OF THE EUGMS TASK AND FINISH GROUP ON FALL-RISK-INCREASING DRUGS Chairs: Tahir Masud, United Kingdom, Jesper Ryg, Denmark 1. Antipsychotics and (de)prescribing – how to go forward? Sirpa Hartikainen, Finland 2. How to manage urinary antimuscarinics and alpha-blockers prescription in older adults with urinary incontinence and benign prostatic hyperplasia at risk of falls? Eva Topinkova, Czech Republic 3. Anticoagulants for older people at risk of falls: do the benefits outweigh the risks? Anneka Mitchell, United Kingdom	SUBMITTED SYMPOSIUM GERIATRIC REHABILITATION COOPERATION IN EUROPE (GERICO) : A SIG-GR INITIATED ACTION Chairs: Clemens Becker, Germany, Wilco Achterberg, The Netherlands 1. The importance and challenges of Ehealth in Geriatric Rehabilitation Leonoor van Dam van Isselt, The Netherlands 2. The benefits and challenges of Patients and Public Involvement and Engagement Vicki Goodwin, United Kingdom 3. Digital mobility data in hip fracture patients: The Mobilise-D perspective Carl-Philipp Jansen, Germany	ORAL COMMUNICATIONS Chairs: Marina Kotsani, Greece, Hana Vankova, Czech Republic O-086 Efficacy And Feasibility Of A Technology-Based Multicomponent Intervention For The Discharge Of Multimorbid Older Patients From The Hospital To A Protected Smart-Home Area: The PRO-HOME Study. Alberto Cella, Italy O-087 Geriatrics and artificial intelligence in Spain (Ger-IA Project): talking to ChatGPT. A nationwide survey. Daniel Rossello-Jimenez, Spain O-088 The Prevalence of Non-pharmacological Interventions in Older Homecare Recipients: an Overview From Six European Countries Elise Kooijmans, Netherlands O-089 Ageism behind bars and its associated factors Natalia Sanchez-Garrido, Canada O-090 Hospital-based nursing homes (NH) versus independent nursing homes: do their infection prevention & control practices and their use of antibiotics differ? Damien Seynaeve, France O-091 Implementation of a tailored multifaceted antibiotic stewardship intervention with a participatory-action-research approach to improve antibiotic prescribing for urinary tract infections in frail older adults in four European countries: a process evaluation Esther Hartman, Netherlands O-092 Comorbidity patterns and health outcomes in older adults with atrial fibrillation: Nationwide population-based findings from the Swedish National Patient Register Lu Dai, Sweden O-093 Obstructive Sleep Apnea and oxygenation in very old adults: a Propensity-Score match study María Juárez España, Spain	ORAL COMMUNICATIONS Chairs: Susan Shenkin, United Kingdom, Vidmantas Alekna, Lithuania O-094 Community-dwelling older adults' experiences of a home visiting programme led by nursing students: a qualitative evaluation of the VISITAME trial. Jose Manuel Hernandez-Padilla, Spain O-095 Amyopathic dermatomyositis in an older woman: clinical case. Estefania Elizabeth Abundis-Márquez, Mexico O-096 Patterns of multimorbidity in primary care electronic health records: a systematic review Giorgi Beridze, Sweden O-097 Paravertebral myosteatosis is associated with 1-year mortality in older adults hospitalized with COVID-19 infection Manuel Sanchez, France O-098 A qualitative study to identify the determinants of dietary intake in community-dwelling older adults to inform the development of a digital service to prevent malnutrition Chloe French, United Kingdom O-099 Inflammatory diets influence iron metabolism in older and younger adults Catrin Herpich, Germany O-100 Using frailty screening instruments in daily clinical practice: conclusions from a diagnostic comparative study in patients aged 70 and over undergoing elective colorectal surgery. Kathleen Fagard, Belgium
